

## List of reports on Disaster Vulnerability and Resilience

1. Earthquakes in India: Vulnerability and Resilience
2. Vulnerability due to Tsunamis and its Resilience
3. River Floods in India: Disaster Vulnerability and Resilience
4. Vulnerability to Cyclones in India and its Resilience
5. Extreme weather events of India: Vulnerability and Resilience
6. Extreme Heat/ Cold waves in India: Vulnerability and Resilience
7. Vulnerability to Forest Fires in India and Resilience
8. Avalanche / Blizzards in India: Vulnerability and Resilience
9. Vulnerability to Droughts in India and its Resilience
10. Cloudburst in India: Vulnerability and Resilience
11. Landslides in India: Vulnerability and Resilience
12. Thunderstorms : Vulnerability and Resilience
13. Volcanic Eruption : Vulnerability and Resilience
14. Flash/Urban floods: Vulnerability and Resilience
15. Epidemic/Pandemic : Vulnerability and Resilience
16. Vulnerability to Asteroid Impacts and Resilience
17. Solar Flares /Solar storms : Vulnerability and Resilience
18. Vulnerability to Biological terrorism/Biological Attacks in India and Resilience
19. Vulnerability to Chemical terrorism/Chemical Attack in India and Resilience
20. Cyber attack / Collapse of e-communication : Vulnerability and Resilience
21. Vulnerability to Water poisoning in India and Resilience
22. Disasters due to Collapse of infrastructure: Vulnerability and Resilience
23. Major Industrial Fires: Vulnerability and Resilience
24. Grid Lock: Vulnerability and Resilience
25. Disasters due to Explosions in Chemical, ammunition, Other storage places: Vulnerability and Resilience
26. Nuclear Leakage/ Contamination: Vulnerability and Resilience
27. Chemical Leakage/ Contamination: Vulnerability and Resilience
28. Biological Leakage / Contamination : Vulnerability and Resilience
29. Disasters due to Oil spills: Vulnerability and Resilience
30. Disasters due explosions, fires and related accidents in Indian Mines: Vulnerability and Resilience
